

Highlights of the “Jesse Robertson Resource Coalition, LLC” Company and the “Operating Agreement”

May 4, 2005

1. The purpose of the Jesse Robertson Resource Coalition, LLC “Company” is to create, structure and organize a business for the Robertson heirs to manage, process and/or sell the resources on the Robertson property located in Upshur County, Texas.
2. The Robertson heirs who pledge funds (shares) and paid the back taxes, court cost and attorney fees on 4/27/2000 to clear the property debt are Tier 1 Members of the Company with voting rights in the Company. All other heirs will be Tier 2 Members with “no voting rights” in the Company.
3. The Tier 1 Members signing the Company’s Operating Agreement “will not have their personal assets at risk” because of the laws of protection doing business as a “Corporation” (LLC = Limited Liability Corporation).
4. In addition to looking to capitalize on the possible resources on the property, the main goal will be to clear the title of ownership of the property.
5. To make the Operating Agreement binding and give structure to the Company to allow the Chief Executive Manager to sign business deals on behalf of the Company, all Tier 1 Members must sign and return the Operating Agreement
6. The Articles of Organization for The Jesse Robertson Resource Coalition, LLC as a Limited Liability Corporation was filed with the State of Texas and the Certificate of Organization was received on April 27, 2005 giving legal status as a Limited Liability Company in the State of Texas – Filing Number: 800485109.
7. Pending the complete signature gathering of all Tier 1 Heirs, dialog will began with a couple of Timber Company’s to contract to sell the timber on the property.
8. An attorney will need to be obtained to handle the legalities of the timber contract to make sure our Company’s rights are met.
9. In addition, an attorney will also be obtained to look into buying back the 4.9 acres of property that was sold to the Railroad Company on 12/30/1910. All land owners had to sell land to the Railroad at that time by law for the Railroad right of way. When the Railroad went out of business, that 4.9 acres was sold to several different people instead of reverting back to the Robertson family. More on this later.
10. After we sell the timber, we will also investigate other possible resources on the property.
11. Also, after we sell the timber, we will look to have a family meeting which we would like to turn into a frequent Family Reunion.
12. All Tier 1 Members will receive a Jesse Robertson Resource Coalition, LLC membership Certificate to commemorate their initial pledge amount and interest in the Company

We need your help in signing the Operating Agreement and sending it back to Letha as soon as possible.

Regards,
